Executive director

NH fish and Game

11 Hazen Drive

Concord, nh 03301

Dick Smith Conservation Report:

Doug Hannon: Bass professor: Use hydrogen peroxide in live well to give them more oxygen

You can put in 4 or 5 ounces which would increase the amount of oxygen into the live well.

Some states are banning lead lures. Mass is one state that has banned lead lures. NH has been through
We need to pay attention to whats happened in the states that are around us.

Youth Director: This position is still needs to be filled. Future of the sport

Dave duffy may be stepping down as treasurer. If Dave steps down Jim Hanatow will be stepping up as i

All rosters and dues were do at this meeting. If you did not submit your roster you need to get your info
You need to confirm you members ships and roster at www.bassfederation.com. There was some confu
are having trouble you can call Ruth at TBF at the number listed below. Your club should have a user na

Presidents Report:

Scales: we only have one scale that needs to be certified and cleaned. Tournament Director is in charge
to do this. Are we going to buy the warranty? The warranty is \$50. We may want to be looking into geti
scale.

We may want to look at combining resources between BASS and TBF as far as scales and borrowing equ
federation we are talking about just sharing equipment.

STQT is going to moved to September 29, 2010 instead of September 22, 2010.

No meeting December 2009. Merry Christmas
